

## About Men of Scars Outreach

Men with scarred pasts helping change & transform lives through social, spiritual and economic alternatives.

Approximately 4 years ago, men of Scars was organized by Hardie Blake, Jr. Pastor of Ardmore-LaSalle Church and President of Bethel Business Machines, Inc., a local Minority Owned business. Men of Scars is a not-for-profit organization that manages MOST Enterprises, Inc. (Men of Scars Transformed), a for-profit outreach and job creation program. This job creation focuses on economic and spiritual transformation. For many young African American men in our community there are life threatening environmental challenges in which they face everyday. Bad choices, confused culture, no or low-level job skills and limited life skills are a few of those challenges. The Men of Scars initiative is a comprehensive strategy to assist our community in bringing together Men of Scars, people and economic resources to prevent and control crime and improve the overall quality of life. The strategy stresses real economic alternatives and spiritual transformation through collaboration, coordination, and community participation in for-profit, not-for-profit and faith-based sectors of our community.
